other faculties\IT Project Management.

ITPM

PMO

What Is a Project?

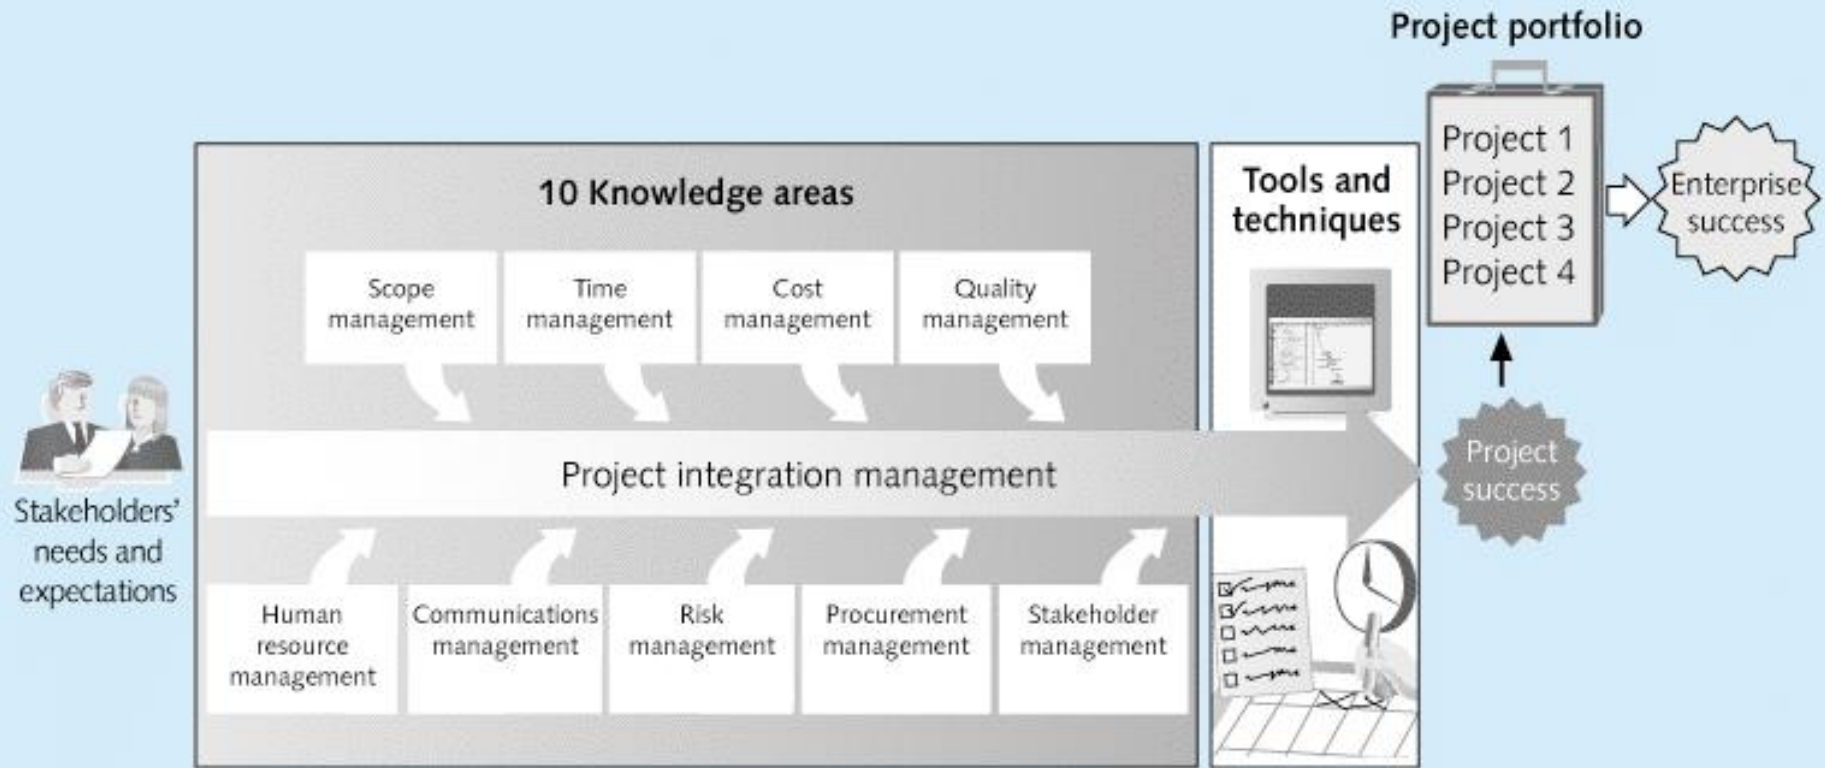

- ▶ A **project** is “a **temporary** endeavor undertaken to create a **unique** product, service, or result” (PMBOK® Guide, 5th Edition, 2012)

What is Project Management?

- ▶ **Project management** is “the application of knowledge, skills, tools and techniques to project activities to meet project requirements”

(PMBOK® Guide, 5th Edition, 2012)

Project Management Framework

Read the case

“Overseas–China Banking Corporation Spearheads: A Masterful Systems Conversion”

Discussion:

- Identify the project.
- Who should be responsible for all these tasks?!! To what extent?
- What are the Success factors for the OCBC cut-over?
